

# Endura Coin (KCRE)

## Investor Brief

### Executive Summary

Endura Coin (KCRE) is a mission-driven ERC-20 token designed to create a permanent endowment for Kids Cove Respite Home. With 3 billion total supply and a soft launch of 1 million tokens on October 1, 2025, Endura Coin combines blockchain innovation with nonprofit sustainability. Proceeds are diversified into both crypto and traditional equities to protect long-term growth.

### The Challenge

- Nearly 50% of foster families quit within 2 years due to burnout.
- Missouri is short 2,000 foster families, leaving 15,000+ children without stable placements.
- Without respite support, children cycle through multiple homes, compounding trauma.

### The Solution: Endura Coin

- ERC-20 token on Ethereum.
- Token purchases fund a sustainable nonprofit endowment.
- Transparent, on-chain tracking for all allocations.
- Diversification ensures resilience even if crypto markets fluctuate.

### Tokenomics

Total Supply: 3,000,000,000 tokens Soft Launch: Oct 1, 2025 (1,000,000 tokens) Allocation: • 50% — Public Sale (1.5B) • 25% — Endowment (750M) • 15% — Partnerships (450M) • 10% — Operations (300M)

## Roadmap

Q3 2025: Token deployment, audit, awareness Q4 2025: Soft launch (1M tokens), Uniswap listing 2026+: Endowment growth, statewide expansion 2027+: National replication

Q3 2025	Token deployment, contract audit, awareness
Q4 2025	Soft launch (1M tokens), Uniswap listing
2026+	Endowment growth, statewide expansion
2027+	National replication

## Why Endura Matters

• For Donors: Transparent giving with lasting impact. • For Investors: A crypto project with real-world utility and prudent diversification. • For Children: Stability and care through stronger foster families.
