

Endura Coin (KCRE)

White Paper

Executive Summary

The Endura Coin (KCRE) is a mission-driven ERC-20 token designed to build a sustainable blockchain-powered endowment for Kids Cove Respite Home. Nearly 50% of foster families quit within two years, and Missouri is short 2,000 foster families as of Sept 2025. Endura Coin provides a transparent, diversified, and sustainable funding mechanism that combines blockchain innovation with prudent endowment management.

Mission & Vision

Mission: Provide foster families with consistent respite care to prevent burnout. Vision: A future where foster families endure in their calling, children remain in stable homes, and philanthropy is powered by blockchain innovation.

The Challenge

- Burnout: 50% of foster families quit within two years.
- Shortage: Missouri is short 2,000 families.
- Child Instability: 15,000+ children in care face repeated displacements.

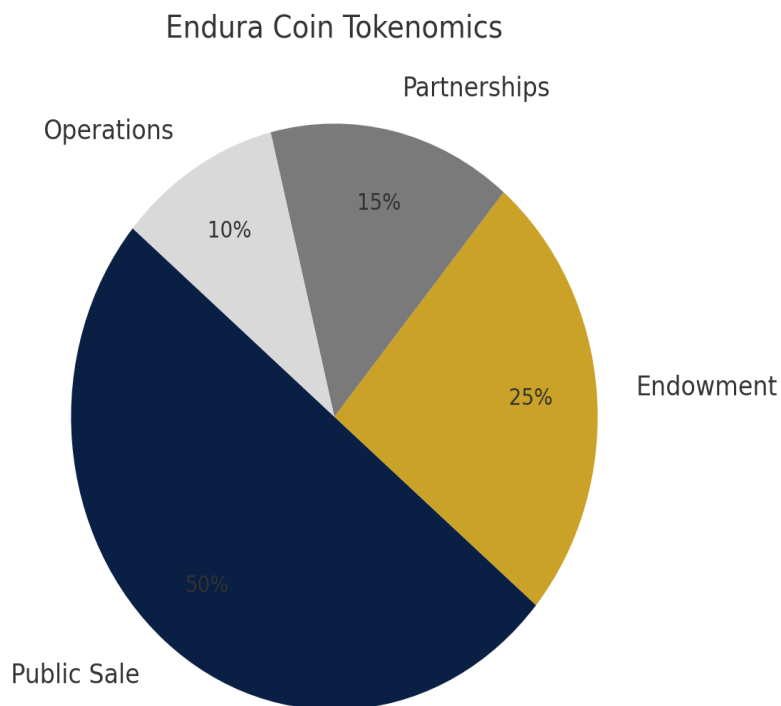

The Solution: Endura Coin

- ERC-20 Ethereum Token
- Token sales fund a permanent nonprofit endowment
- All allocations are trackable on-chain
- Proceeds diversified into crypto and equities for stability
